

ESET[®] **NOD32** **ANTIVIRUS 6**

www.eset.com

Stay a Safe Distance from Internet Threats

Enjoy safer online browsing and offline activities with time-tested detection technology. It eliminates all types of threats, including viruses, rootkits, worms and spyware.

Cloud-powered scanning delivers a higher level of protection, speeding up scans and ensures that your computer runs at its best. All removable media such as USB sticks, CDs and DVDs are scanned upon insertion for offline malware.

Antivirus and Antispyware	Provides proactive protection against all types of online and offline threats and prevents malware spreading to other users
Cloud-powered Scanning	Speeds up scans by whitelisting safe files based on file reputation database
Scan While Downloading Files	Decreases scanning time by scanning specific file types – such as archives or iPhone updates – during the download process
Idle-state Scanning	Aids system performance by performing in-depth scan when the computer is not in use Helps detect potential inactive threats before they can cause damage
Removable Media Control	Allows you to block CDs, DVDs, USB & other media and storage devices Lets you set rules based on type of media, manufacturer, size, and other attributes Gives you the option to set permission to “read/write”, “read only” or “blocked” Allows you to stop unauthorized copying of your private data to external devices
Host-based Intrusion Prevention System (HIPS)	Lets you customize the behavior of the system in greater detail Gives you the option to specify rules for system registry, active processes and programs to fine-tune your security posture

Enjoy the Full Power of Your Computer

Leaving more power to programs you use daily, the solution lets you play, work and browse the Internet without slowdowns. Stay unplugged and online longer with battery-saving mode and enjoy gaming without distracting pop-ups.

Small System Footprint

Maintains high performance and extends the lifetime of hardware
Fits any type of system environment
Saves internet bandwidth with extremely small update packages

Gamer Mode

ESET NOD32 Antivirus automatically switches to silent mode if any program is run in full-screen mode
All pop-up windows, updates and other system-demanding activities are postponed to preserve system resources for gaming or other full-screen activities (video, photo gallery, presentations)

Portable Computer Support

Postpones all non-actionable pop-up windows, updates and system-demanding activities to preserve system resources so that you can focus on gaming or films

Install and Forget or Tweak Away

Delivering top protection right from the start with the default settings, ESET NOD32 Antivirus keeps you informed about potential security issues and lets you address them directly from the main screen. The user interface is designed to let you easily set up and run scans and quickly find the settings you need. In addition, you can fine-tune your security profile with more than 150 detailed settings and password-protect the solution against tampering.

One-click Solution

Lets you view your protection status and access the most frequently used tools from all screens
Offers comprehensive, one-click solutions to potential issues

Settings for Advanced Users

Offers in-depth security settings to fit your needs
Allows you to define maximum scanning depth, scanning time, and size of the scanned files and archives and much more

After-scan Actions

Lets you choose the action after an on-demand scan completes, saving you time
The available actions are: sleep, reboot or shutdown
